We recognise the positive impact of education on the lives of our learners and promote the full participation in course-related activities and college enrichment programmes.

The Learner Support Fund Team value collaborative and restorative working relationships with colleagues and ask that communications are respectful and polite when contacting the department through any means of communication, including; email, phone, face to face and Google Chat.

2. POLICY AIMS

This policy is subject to funding agencies' existing rules and therefore may change during the year. We reserve the right to change the policy during the year to reflect the changes.

This policy seeks to ensure that:

- Learner funds are distributed in accordance with the regulations and guidelines laid out by funding agencies;
 - [16 to 19 Bursary Fund guide: 2025 to 2026 - GOV.UK \(www.gov.uk\)](https://www.gov.uk/guidance/16-to-19-bursary-fund-guide-2025-to-2026)

- Administration of learner support funds meets the needs of learners and removes barriers to learning;
- Systems are in place to administer, record and monitor funds, ensuring that funds are used for their intended purposes.

3. INTRODUCTION AND OBJECTIVES

Luminate FE colleges receives allocations of funding annually to provide financial support for Further Education learners from the Department for Education (DfE) (16–19-year-olds), West Yorkshire Combined Authority (WYCA) (19+ year olds) and York and North Yorkshire Combined Authority (YNYCA) (19+ year olds). Luminate FE colleges administers the funds received from DfE, WYCA and YNYCA and distributes them to provide financial support in order to overcome barriers, which may prevent beneficiaries from taking part in or continuing in learning and accessing educational opportunities.

This policy covers the following learner support funds, which are available to eligible learners. Learners who apply for any of the funds will be assessed individually and awarded support based on their individual financial needs. Refer to Appendix 1 for details of the Awards.

The policy addresses how the funds will help reduce the challenges learners from disadvantaged communities and those living in associated poverty face, including, but not limited to refugees and asylum seekers, face whilst at college.

3.1. 16-19 year old learners (or up to 25 year old with an EHCP)

- 16-19 Discretionary Bursary;
- Free College Meals;
- Care to Learn;
- 16-19 Priority Fund.

3.2 19+ (WYCA and YNYCA) learners

- 19+ Discretionary Learner Support;
- 20+ Childcare (part of the 19+ Discretionary Learner Support).

3.3 Advanced Learner Loan learners

- Advanced Learner Loans learners in receipt of an Advanced Learner Loan;
- 20+ Childcare (part of the Advanced Learner Loans Bursary).

3.3 The purpose of the funds is to:

- Assist eligible learners to take part in or continue in learning. Learners in receipt of funds are encouraged, supported and expected to attend all of their classes;
- Support retention and progression enabling learners to achieve qualifications and progress into further learning, work or apprenticeships.

4. MAIN ELIGIBILITY CRITERIA

4.1. The college uses the funds to provide two forms of course related support to learners:

4.1.1 Luminare FE colleges learner funds will provide support for travel, childcare and meals in accordance with the terms set out in this policy;

4.1.2 There may be support for equipment, uniform, books, professional membership fees, educational, or employability related visits and any other course-related costs available by curriculum departments. Refer to Departmental pages for details of the support available.

4.2 Learners must satisfy **all** of the following criteria for access to Learner Support Funds:

- A “home learner” who meets the residency requirements;
- Meet the age requirements of the fund;
- Be enrolled on an approved Government funded programme (DfE, European Social Fund (ESF), publicly funded, traineeship programme);

- Be on a full-time course and/or substantial part-time course (5 hours per week and above including any mandatory placements);
- Be in receipt of income assessed state benefits/ tax credits (including Universal Credits) and / or have an annual gross income, for the 2024/2025 tax year, which runs from 6 April 2024 - 5 April 2025, of:
 - £30,000 and below (16-19) for household income;
 - £30,000 and below (19+, WYCA and YNYCA) for household income.

Exceptional circumstances will be considered individually based on information provided. These must be approved by the Student Funds Finance Manager via email.

No exceptional travel payments will be made by the Learner Support Funds Team until a signed assessment has been submitted confirming eligibility. The exceptional travel application must be completed and submitted by a staff member.

- 4.3. Individuals must meet the residency requirements and provide requested evidence at enrolment. This informs eligibility to the funds, requirements are set out in one or more of the following categories:
- UK nationals and other persons with a right to abode;
 - UK nationals in the European Economic Area (EEA);
 - EEA nationals in the UK;
 - Other non-UK nationals
- 4.4. EEA nationals in the UK, with respect to EEA nationals not including Irish nationals, must have obtained either pre-settled or settled status under the EU Settlement Scheme and have lived continuously in the EEA, Gibraltar or UK for at least the previous 3 years on the first day of learning.
- 4.5. The following are immediately eligible for FE 19+ funding and are exempt from the 3-year residency requirement as per the current ASF and WYCA funding rules:
- British Nationals evacuated from Afghanistan under Operation Pitting;
 - British Nationals evacuated from Afghanistan by UK government before 6 January 2022;
 - All Ukrainian adults and their family members supported through the Ukraine Family Scheme, Ukraine Sponsorship Scheme and Ukraine Extension Scheme
 - Refugee status
- 4.6. The college can support Asylum Seekers if they are 16-19 and an unaccompanied Asylum Seeker Child (UASC), or if they are 19+ and have lived in the UK for 6 months or longer and have an Aspen card/letter from the home office. Asylum seekers need to fit the usual criteria of minimum number of hours studying and living the minimum distance away from campus of study.

Refugees are supported if they fit the usual criteria for 16-19 or 19+. This includes studying the minimum number of hours, living the minimum distance away from campus of study and receiving income below the eligibility threshold.

- 4.7. The college reserves the right to apply discretion to ensure that individual learners' needs and personal circumstances are taken into account when decisions are made.
- 4.8. Curriculum departments will publish a curriculum funds statement outlining support available for kit, equipment, uniform, visits and trips or other course related costs for learners in individual course areas. The curriculum funds have the same eligibility criteria as the main DfE funds. Individual support for learners will be supplemented with departmental resources.

Curriculum departments should use Learner Support Fund eligibility as an indicator when assessing learner support needs.

- 4.9. In addition to the college administered funds, learners can apply for Care to Learn (childcare costs for under 20 year olds) and the Priority Fund (support including travel, meal and essential course equipment support up to a total value of £1,200 per year to learners aged 16, 17 or 18 at the start of the course who are a child looked after by the Local Authority, or are Care Leavers, or are in receipt of Universal Credit, Income Support or Employment Support Allowance and Personal Independence Allowance in their own right).

5. TERMS AND IMPLEMENTATION

- 5.1. Luminate FE colleges strives to achieve the most effective use of DfE, WYCA and YNYCA funding to support the maximum number of eligible learners. Learners with an annual gross income, for the 2024/2025 tax year, which runs from 6 April 2024 - 5 April 2025, of:

- £30,000 and below 16-19 year olds for household income;
- £30,000 and below (19+, AEB, WYCA) for household income;
- Receiving Free College Meal entitlement.

It is important for the member of staff assessing the student's fund application to distinguish between Free College Meal entitlement and discretionary meal support. Free College Meals are for learners who meet the government criteria, the majority were previously receiving free school meals at school. Discretionary meal support is for learners who are not eligible for the government free college meals, but are eligible for the Learner Support Fund. Refer to Appendix 1.1. for details of the income evidence required for Free College Meal entitlement.

- 5.2. Where a learner is aged 18 or over on 31 August 2025 and is not dependent on another adult in their household, awards may be made on a discretionary basis. Due to the limited nature of the fund, payments are not guaranteed but applications are welcomed. This fund provides help for learners from low income households. Applications are income assessed, based on the supporting evidence submitted with the application. Refer to Appendix 1.2 for details of income levels and documents which are acceptable as proof of income and household circumstances.

- 5.3. Where a learner is aged 19 or over, they will be assessed on their household income. Refer to Appendix 1.3 for details of income thresholds for Advanced Learner Loan learners.

- 5.4. Applications are accepted on the online application system. In exceptional circumstances paper applications can be submitted. For learners who struggle with English language, literacy or digital skills support is provided through campus business support teams.
- 5.5. The guiding principle for distributing the funds is to provide support in the form of goods or services including travel passes, food from college catering outlets and childcare. These are the factors identified as barriers to learning by learners. In some exceptional circumstances, such as a safeguarding risk, and at the college's discretion, learners may be paid by BACS payment (money direct to learners' bank account). There is a maximum limit to such payments. Refer to Appendix 1 for details.
- 5.6 The effective use of the funds will be monitored and evaluated through:
- Internal audit – annual;
 - ESFA audit and annual returns;
 - DfE audit and annual returns;
 - WYCA audit and annual returns;
 - YNYCA audit and annual returns;
 - Learner focus groups and feedback;
 - Learner survey;
 - Effectiveness of forecasting and budgeting monitored in performance review;
 - Feedback from and consultation with staff;
 - Annual review of this policy
- 5.7. An emergency fund will be made available to provide financial support to learners who need short term help or face crises such as providing a learner with travel support to get home. In these exceptional cases the fund use will be recorded on learner records, however depending on circumstances, a full application may not be deemed necessary or appropriate.
- 5.8. The college will ensure effective management and systems of financial control are in place, funds are used for intended purposes and compliance with the DfE, WYCA and YNYCA guidelines.
- 5.9 A learner will only be awarded learner support funds if they have provided a completed signed application form and the required evidence that proves their eligibility for the relevant fund. Support will be provided from the date a fully completed application form and supporting evidence as required is received by the Learner Funds Support team.
- 5.10. Eligibility for learner support does not give learners an automatic entitlement to receive it. Learners will be made aware that funding is limited. Measures are in place to support the inclusion of learners starting at different points in the year.
- 5.11. The college will promote learner support funds using a range of methods including via school liaison activities, college website, marketing material and internal communication with learners. The College will make learner support funds information accessible for learners to clarify the eligibility criteria and the application processes to enable learners to fulfil their responsibility regarding the collection, completion and return of application forms with the appropriate required evidence and documentation.

5.12. Learners will be advised of the outcome of their application **within 12 working days**. The college will reserve the right to recover funds (where appropriate) including equipment and travel passes from any learner who withdraws from college or those who made a false application. Learners are expected, encouraged and supported to attend 100% of all their classes. This includes English and Maths classes, work placement and any timetabled events. The college will monitor learner engagement to learning and may make changes to the amount of financial support to ensure it is used effectively, however the college will apply discretion to promote retention and accommodate learners' individual needs. Bursary funding should not be stopped if the learner is engaged, partially engaged in learning or is likely to reengage in learning. Coaching tutors should make a recommendation to the Learner Funds team about individual learners. Financial support will be stopped if the learner is withdrawn from college

5.13. Eligibility for funds is determined by assessment of income against criteria outlined in the application procedure (refer to Appendix 1 for full details). College staff are trained to make assessments and sign the application form to indicate that evidence has been seen. Copies of evidence must be retained by the College for six years. The DfE, WYCA and NYCA will carry out checks on learner eligibility, so it is vital that all assessments are correct and the evidence of income is correctly recorded.

Each application to the Learner Support Fund will be individually assessed. All assessors must complete the Learner Support Fund training each year before carrying out assessments.

5.14. The college will work with internal and external professionals to identify and support learners who are eligible for the Priority Fund and Care to Learn, maximising uptake of these. Looked after Children are eligible for travel, meal support and essential kit and equipment. Individual assessments will be carried out to assess a learner's individual needs for the Priority Fund, and the correct support will be provided as goods or services where possible, minimum payments will be made under exceptional circumstances.

5.15. Appeals

All awards are made in accordance with the terms of this policy. If a learner thinks a mistake has been made with the award decision with the award decision, the process to appeal this is:

- Learners should discuss their application with their department's administrative staff and / or their coaching or personal tutor to understand why their application was unsuccessful.
- If a learner feels an unfair decision has been made, they should state their reasons in writing to the Student Funds Finance Manager, who will review the application.
- The final stage of appeal is in writing to the Head of Student Engagement who will make a final decision.

5.16. Complaints

If a learner disagrees with an appeal or is unhappy with the Learner Support Fund policy they can raise a formal complaint by emailing quality@luminata.ac.uk with details of their complaint. Details of the complaints process can be found at; [Leeds City College Compliments and Complaints](#)

5.17. Informing Department for Work and Pensions (DWP)

It is the learner's responsibility to tell the Department for Work and Pensions (if applicable) about any learner support they are receiving. Leeds City College are unable to confirm if this will affect their eligibility for any state benefits.

5.18. Administration Expenditure

In accordance with the WYCA, YNYCA and DfE funding rules, Luminate Education Group will not claim more than 5% of its total Learner Support final claim as administration expenditure.

5.19. Verification of Learner Support Fund applications and assessments

Applications made to the learner support fund are subject to review. Supporting documentation provided will be validated inline with the type of support applied for as set out in this policy.

6. RESPONSIBILITY

The responsibility for this policy rests with the Head of Student Engagement and the Student Funds Finance Manager is responsible for its implementation. Refer to Appendix 2 for details of the Policy Decision Making Framework.

10. APPENDICES

APPENDIX 1

Appendix 1.1. 16-19 Discretionary Bursary, 16-19 Priority Fund and Free College Meals eligibility

16-19 Discretionary Bursary

To be eligible for the 16-19 Discretionary Bursary, learners must:

- be aged 16 or over but under 19 at 31 August 2025;
- aged 19 or over if they are continuing on a study programme they began aged 16 to 18 ('19+ continuers') or have an Education, Health and Care Plan (EHCP) upto age 25;
- be a 19+ continuer, this must be the same programme they started before they turned 19, as long as their eligibility continues and their institution considers they need the support to continue their participation;
- on a course funded directly by DfE or by DfE via a local authority;
- on a course funded or co-financed by the European Social Fund;
- on a course otherwise publicly funded and lead to a qualification (up to and including level 3) accredited by Ofqual or on the DfE list of qualifications approved for funding 14 to 19;
- on a 16 to 19 traineeship programme;
- meet the residency criteria in [DfE funding regulations](#) for post-16 provision. This document also specifies the evidence institutions must see and retain for audit to confirm eligibility for post-16 funding.

When making decisions about awarding 16-19 Discretionary Bursary, we will take into account the availability of other financial support for learners. Awards can be made to learners in the following circumstances (income thresholds are based on the 2024/2025 tax year, which runs from 6 April 2024 - 5 April 2025):

- Learners in receipt of income assessed state benefits, or named on the evidence as a dependent of a person receiving such benefits and/or;
- Learners living in a household with a gross annual income of £30,000 or below;
- Learners, who do not have their own income, must demonstrate how they are being financially supported. If they are living in a household, they are expected to provide evidence of the household income;
- If a learner appears to be living on nil income, it is unlikely that they will be able to sustain themselves on the course. It is important that they seek advice about how they will support their day to day living costs while studying. It is beyond the scope of the fund to support learners' living costs. When choosing to study, the individual needs to consider if they have made reasonable provision for their living costs, either through entitlement to benefits, employment or support from the household they are part of.

For discretionary support for 16-19 year olds, the following documents are acceptable:

- Current Tax Credit Award Notice for the current financial year (Full letter with all pages); provisional tax credit awards and annual reviews must be accompanied by an up to date bank statement;
 - Latest 3 months worth Universal Credit Notice for the current financial year (Full letter with all pages);
 - Current (income assessed) Benefit Claim letter – dated within the last 3 months;
 - Letter from Benefit Agency confirming receipt of benefit – dated within the last 3 months;
 - Letter from Local Authority confirming Housing Benefit/Council Tax Benefit – dated within the last 3 months;
 - Bank statements dated within the last 3 months indicating regular payments of 3 months from the Benefits Agency;
 - Wage slips (minimum of 3 monthly/12 weekly payslips showing gross amount) dated within the last 3 months;
 - Proof of recent tax return if self-employed;
 - Other evidence may be requested to establish proof of income and household circumstances.
- A few students may find themselves facing financial difficulties due to incurring extra participation costs, for example, because they need to pay for additional travel to their placement. These students may only need support for a short period of time. Additional support may be available to these learners during their time on an industry placement. The eligibility for this support is the same as the eligibility for the 16-19 discretionary fund.
 - Learners can apply for support on industry placements at any point during the year.
 - In exceptional circumstances we may be able to offer support for meals/travel with a supporting statement from a professional staff member (Pastoral Staff, Designated Safeguarding Officer, Welfare Team).

16-18 Priority Fund

Students who meet the criteria, and who have a financial need, can apply for the Priority Fund bursary for vulnerable groups. The defined groups reflect that these students are unlikely to be receiving financial assistance from parents or carers, so may need a greater level of support to enable them to continue to participate.

Students should be awarded the amount of support they need to participate based on an assessment of the actual costs they have and must not be automatically awarded £1,200 worth of support.

To be eligible for the Priority Fund, learners must fall under any of the following categories:

- In care
- Care leavers
- Receiving Income Support (IS), or Universal Credit (UC) because they are financially supporting themselves or financially supporting themselves and someone who is dependent on them and living with them, such as a child or partner

- Receiving Disability Living Allowance (DLA) or Personal Independence Payments (PIP) in their own right as well as Employment and Support Allowance (ESA) or UC in their own right

The 16 to 19 Bursary Fund defines 'in care' as children looked after by a local authority on a voluntary basis (section 20 of the Children Act 1989) or under a care order (section 31 of the Children Act 1989). Section 22 of the Children Act 1989 defines the term 'looked after child'.

A 'care leaver' is defined as:

1. a young person aged 16 and 17 who was previously looked after for a period of 13 weeks consecutively (or periods amounting to 13 weeks), which began after the age of 14 and ended after the age of 16; or
2. a young person aged 18 or above who was looked after prior to becoming 18 for a period of 13 weeks consecutively (or periods amounting to 13 weeks), which began after the age of 14 and ended after the age of 16

Only students who meet this definition are eligible if they have a financial need.

For Priority Fund support, the learners must provide proof of their eligibility:

- For students who are in care or a care leaver, written confirmation of their current or previous looked-after status from the relevant local authority – this is the local authority that looks after them or provides their leaving care services. The evidence could be a letter or an email but must be clearly from the local authority.
- For students in receipt of UC or IS, a copy of their UC or IS claim/award notice. This must clearly state that the claim is in the student's name/confirm they are entitled to the benefit in their own right. The evidence must not state any conditions that prevent them from participating in further education or training. For students in receipt of UC, you must also see evidence that the student receives the benefit for because they are independent or that they have a dependant, for example, a tenancy agreement in the student's name, utility bills, child benefit evidence, child's birth certificate or evidence that the student is homeless and unable to provide tenancy/ utility bills in own name.
- For students receiving UC/ESA and DLA and PIP, a copy of their UC claim from DWP and evidence of receipt of DLA or PIP

All students must have their need for support assessed individually, to determine the type and amount of support they need, but vulnerable groups students are not subject to a household income assessment and institutions should not consider foster carers income though must consider what costs may be covered by the local authority

Free College Meals

To be eligible to receive free meals, the learner must meet the age, course and residency eligibility criteria for 16-19 bursary fund and must also provide one of the following documents (income thresholds are based on gross household income for the 2024/2025 tax year, which runs from 6 April 2024 - 5 April 2025):

- income support;
- income-based Jobseekers Allowance;

- income-related Employment and Support Allowance (ESA);
- support under part VI of the Immigration and Asylum Act 1999;
- the guarantee element of State Pension Credit;
- Child Tax Credit (provided they are not entitled to Working Tax Credit and have an annual gross income of no more than £16,190, as assessed by Her Majesty’s Revenue and Customs (HMRC));
- Working Tax Credit run-on – paid for 4 weeks after someone stops qualifying for Working Tax Credit;
- Universal Credit - if you apply on or after 1 April 2018 your household income must be less than £7,400 a year (after tax and not including any benefits you get)

Children who get paid these benefits directly, instead of through a parent or guardian, can also get free school meals.

A student is only eligible to receive a free meal when they, or a responsible adult on their behalf, have made a successful application to the institution where they are enrolled.

Working Tax Credit is not a qualifying benefit for free meals, and a parent or student in receipt of Working Tax Credits is not entitled to a free meal. Qualifying benefits do include the Working Tax Credit run-on which is paid for 4 weeks after you stop qualifying for Working Tax Credit.

Please note that it is vital that assessors correctly record learners who are eligible for Free College Meals and those who are eligible for discretionary meals. Free College Meals are for learners who were usually previously receiving free school meals at school. Discretionary meal support is for learners who are now eligible for meal support since starting college.

All awards in the table below apply to eligible learners aged 16-19:

Any further support maybe given from the 16-19 Discretionary Bursary at the discretion of the Student Funds Finance Manager. • Although a young person may be eligible for a bursary because they are in one or more of the defined vulnerable groups, their application may be rejected because they do not have any actual financial need. This might be because their financial needs are already met and/or because they have no relevant costs. Institutions can refuse a learner's application on this basis. Similarly, learners should only receive the amount they actually need to participate and not automatically receive £1,200 if they do not

	<p>need the full amount. APPENDIX 1.2. 19+ Discretionary Learner Support Fund

When making decisions about awarding 19+ Discretionary Learner Support Fund, we will take into account the availability of other financial support for learners.

As at May 2025 awards can be made to learners in the following circumstances:

- Individual's resident in areas of England outside of devolved authority areas undertaking DfE funded AEB;
- Continuing learners who are resident in devolved authority areas, who have not completed their learning by 31 July 2023, but started their learning before the authorities' devolution date with providers who have an Education and Skills Funding agreement (grant) only;
- Continuing learners who are resident in DfE and devolved authority areas, who have not completed their 16 to 24 traineeship by 31 July 2023 but started their learning before this date and have an Education and Skills Funding agreement or contract;
- Continuing learners resident in Barnsley, Doncaster, Rotherham and Sheffield or West Yorkshire devolved authority areas, who have not completed their learning by 31 July 2021;
- Learners resident in England, including those resident in a devolved authority area, undertaking a 19 to 24 traineeship programme;
- Learners must be on an Access to HE course for the first time and do not already have a level 3 or above qualification;

- Learners, who do not have their own income, must demonstrate how they are being financially supported;
- If a learner appears to be living on nil income, it is unlikely that they will be able to sustain themselves on the course. It is important that they seek advice about how they will support their day to day living costs while studying. It is beyond the scope of the fund to support learners' living costs. When choosing to study, the individual needs to consider if they have made reasonable provision for their living costs, either through entitlement to benefits, employment or support from the household they are part of.

The following are acceptable proof of income and household circumstances for assessing applications for financial support:

- Current Tax Credit Award Notice for the current financial year (Full letter with all pages); provisional tax credit awards and annual reviews must be accompanied by an up to date bank statement;

- 3 most recent months worth Universal Credit Notice for the current financial year (Full letter with all pages);
- Current (income assessed) Benefit Claim letter – dated within the last 3 months;
- Letter from Benefit Agency confirming receipt of benefit – dated within the last 3 months;
- Letter from Local Authority confirming Housing Benefit/Council Tax Benefit – dated within the last 3 months;
- Bank statements dated within the last 3 months indicating 3 months regular payments from the Benefits Agency;
- Wage slips (showing gross amount for a minimum of 3 monthly/12 weekly payslips) dated within the last 3 months;
- Proof of recent tax return if self-employed;
- Other evidence may be requested to establish proof of income and household circumstances.

In exceptional circumstances we may be able to offer support for meals/travel with a supporting statement from a professional staff member (Pastoral Staff, Designated Safeguarding Officer, Welfare Team).
